

FINLANDIA Vodka

VARIETY

Vodka

REGION

Finland

PRODUCT

Finlandia Vodka is made only from the finest Finnish six-row barley, grown under the long days and white nights of the Finnish summer. The distillation takes place at the state-of-the art distillery of Koskenkorva. Finlandia Vodka is distilled only in Finland. The water in our products is naturally filtered through glacial moraine. It's so pure that it's used straight from the nature without any chemical filtration.

Finlandia Vodka is the perfect start for an endless array of drinks.

PALATE

The refreshing, very clean taste allows Finlandia Vodka to transform from the purest on-the-rocks drink into the soul of the most imaginable cocktails.
