The vineyard was established in 2002 on terraced gravels that offer little fertility which, along with Waiparas long cool growing season, provide perfect conditions for growing world class cool climate Pinot Gris.		
Vinification:	The grapes were hand picked at optimal flavour ripeness, gently pressed and settled to tank. The wine was then fermented with a handful of selected yeast strains. A portion was fermented in old French oak barrels resulting in complexity and structure. The wine was then left to mature on gross yeast lees to enhance structure and mouthfeel. The wine was then fined, filtered and bottled.
