Vineyard: Higherwinds and cooler temperatures through Oct to early January affected flowering and fruit set, leading to variation in ripening across the estate and lower natural yields. Summer arrived briefly in February and helped lift the seasons growing degree days (GDD) and earlier disease concerns were alleviated by the third driest March seen since 1985 (only 6mm fell).

Vinification: Cold Soak: 5-10 days Ferment Vessel: 100% tank Yeast: Inoculated Fermentation Temp: 13-15

Palate: Wildly exotic floral bouquet of jasmine, lily, magnolia and rose, with ripe strawberries, watermelon and cardamom. The centre palate is creamy and concentrated with fine skin tannins and balancing bright and juicy acidity.
