<b>Vineyard:</b>	The manager on a highland estate is referred to as The Factor. Many of these vineyards were planted in the 19th century and because of South Australia's far-sighted quarantine policy, were not affected by the phylloxera outbreak that ravaged the vineyards of the world in the 1880s. They survive on their own roots more than a century later as clonal time capsules. The reputation of the Barossa as the pre-eminent red wine growing region of Australia rests firmly on wines such as this.
