| Vineyard: | The Parson GSM is our the gateway to the classic McLaren Vale varieties with a focus on savouriness and texture.A breezy expression of these quintessential McLaren Vale varietals. Smooth, silky and fruit driven. | | |
| Vinification: | Below average winter rainfall resulted in a early commencement to the growing season. A warmer than average summer, with no extended periods of extreme heat, resulted in a condensed vintage. Vibrant fruit flavours and acidity were still prevalent and the resultant wines were both varietal and textural. | | |
