Vineyard:	The fruit for this wine is primarily sourced from the own Yertabulti Vineyard. We also use a small number of carefully selected growers from a range of sites within the Clare Valley. The diverse range of vineyards contribute to the rich texture and flavour of the wine.		
Vinification:	The wine was made with a responsive winemaking approach to preserve fruit purity. Fermentation occurred in static fermenters (potter) and open fermenters allowing for gentle extraction of flavours and texture through pumping over and hand plunging four times daily. The ferments lasted between 7-10 days. The skins were then pressed and wine allowed to settle before being transferred to barrel.		
Palate:	Black berried fruits mix with chocolate and nougat notes on the nose. The palate has more complex layers of black olive, bay leaf and a savoury tobacco element. There is a richness of flavour but the overall sense is a medium bodied, savoury wine of tremendous character.
