Vinification: Harvested in the cool of the early morning, Pinot Gris from optimum vineyard sites throughout the Clare Valley was crushed, chilled to 5 degrees and pressed, the pressings separated. A cool fermentation ensued for two weeks, allowing maximum lifted varietal fruit expression. Individual vineyard parcels were cold-filtered with a single pass before carefully blending together. The wine has been cold and protein stabilised to industry standards, fined, filtered and immediately bottled.

Palate: The 2019 Pinot Gris displays our signature opulent pear, lychee and peach flavours complemented by subtle citrus zest, fullness with fruit sweetness in the middle palate and refreshing acidity.
