Vineyard:	On the cool uplands of northern Provence, at 250 to 270m, a blend of Cinsault and Grenache with a touch of old vine fruit from Syrah and Cabernet Sauvignon are grown to make the rose.		
Vinification:	The grape varieties are harvested separately, destemmed, and then go directly into the press bladder. Maceration occurs for the next few hours. This time allows cold settling to be complete before inoculation of selected yeasts. The grape varieties are fermented separately in stainless steel tanks. After fermentation the blending of the ros cuve takes place followed by two or three rackings to ensure the new wine is crystal clear. The wine is then bottled in January.		
Bouquet:	Freshly cut watermelon, ripe peach aromas and floral notes		
Palate:	Palate is alive with wild strawberries and hints of mineral notes. Crisp acidity and a refreshing finish.		
Cellaring:	Now - 2 years
