Vineyard: Domaine Laroche has a main plot in one piece on this cool and rocky terroir. The Vaudevey are located in a very narrow and preserved valley, facing east, where the sun shines from morning until mid-afternoon. This hillside is very steep, up to 30% in places. Kimmeridgian limestone - Limestone dominance, light and stony soil

Vinification: The manual harvest started on September 21st in the parcels of Vieille Voe / Vaillons / Butteaux and Blanchots. Following episodes of rain, the sanitary pressure was present but controlled by our technical teams. In the end, the juices presented promising balanced profiles which were confirmed during the maturation. The tastings conducted in the cellars showed the finesse and the good acidity present in the wines.
