Vineyard:	The grapes used for our Kaiken Estate Malbec come from 100% from our vineyard located in Agrelo, 60 km South of the city of Mendoza, where the vines were mostly planted before 2005. The vineyard is at 950 m.a.s.l. (3,115 ft). The climate in this area is slightly warmer than in the Uco Valley, which is reflected in wines with a more fruity profile and soft tannins		
Vinification:	The grapes were hand-harvested and transported in 300-kilo (660-pound) bins to prevent the berries from being damaged and to preserve the quality of the fruit, which was then manually selected once in the winery. The juice fermented in small tanks, which allows to carry out the fermentation process in optimal conditions, preserving the characteristics and qualities that the vineyard lends the grapes. Alcoholic fermentation and later maceration lasted around 20 days.
